

Lion's Jungle Patrol

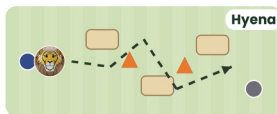

4

Active Flashcards

Lion keeps his cubs safe. Check the jungle for sneaky hyenas!

Set-Up

Spread shoes, cushions and toys across the floor. Hide one toy animal as the hyena.

How to Play

1

Hold Lion out in front of you like a torch and creep through the jungle.

2

Spot the hyena? Whisper to Lion: "Shhh, stay very quiet!"

3

Roll Lion along a secret path without touching anything.

Grown-up tip

Creep low and quiet, like a real lion on patrol.

Level up

Make the path longer, or time it. Finish with a high-paw for Lion!
